Hi Glenn,

My colleagues Max Kuker and Luz Slater informed me that you were looking for our CAFO inspection report template that PG Environmental, LLC (PG) utilized for CAFO/dairy inspection in the Santa Ana Water Board this year (2013).

Please see attached inspection report template in 'Word' format. Note the template is password protected; however, I changed the template so that no password is required you just have to select "OK" to stop protection.

I will follow-up this email with a phone call to you to further discuss.

Regards,

Hi Luz,

I'm working with our Data Programmer/Analyst to devise an automated reporting system. He is having difficulty coding the pdf formatted reports. Might you have the original "Work" formatted reports? Thanks.
